Good Afternoon,

We are seeking the approval of EPA and TCEQ to release the below Facebook statement through the City Facebook Page. Please respond to this email or call me, Dallin Coffman, 801-368-6939 with any requested changes or with approval to post.

Facebook Statement

Further progress has been made by our team of public agencies at the site of 337 North Sunset

Strip Street, Kenedy, TX. Since public safety remains our highest priority, we are keeping the evacuation of the Country Village RV Park, Country Village Apartments and Kenedy Suite Apartments in effect. We will provide an update tomorrow, July 6, 2018, regarding the status of the evacuation for these residents.

Additional dates have been scheduled at Kenedy's City Hall for residents to meet with adjusters to request financial assistance.

Adjusters will be available Friday, July 6th and Saturday, July 7th from 9AM - 6PM.

Residents who are unable to visit City Hall during these times may call a Claims Hotline at 833-583-2096.

Individuals who incurred auto or property damage as a result of the fire at 337 North Sunset Strip Street may also speak with adjusters or call the hotline.

Residents at the RV park and apartment complexes needing access to their homes to retrieve medication and other important items may contact the Kenedy Police Department for safe escort to and from their residences.

We greatly appreciate your patience as we work toward maintaining public safety in our community.
